KAIMIN

The only UM newspaper on campus for 71 years, the Kaimin was published this year every Tuesday. Wednesday, Thursday and Friday by the Associated Students of the University of Montana. It had a lot of freedom in choice as to what to print and only ran into one problem. The Publications Board threatened to withdraw part of the Kaimin's funds and incorporate them into The Establishment, a daily newsheet on campus. The reason was because it was felt that the Kaimin did not devote enough space to campus news. Nothing was done to further the plan and the Kaimin remained the same.

WOMENS

RECREATION ASSOCIATION

The purpose of the Women's Recreation Association is to provide opportunities for girls interested in recreational and athletic activities. The year was highlighted by various events such as Co-Rec. nights, on which both boys and girls participated in the gym, the teachers banquet, the Steak Fry on May 6 and the athletic tournaments. The sports activities in WRA are volleyball, swimming, bowling, basketball, badminton, softball, football, tennis and track.

SILVERTIP SKYDIVERS

The Silvertip Skydivers have been orgainzed as a collegiate sport parachuting club for 13 years this year. During their thirteenth year they made the news as they set the new state high altitude jump record at 26,500 feet. Also, in March of 1970 they participated in the Northwest Collegiate Parachuting Championships and placed fourth in the competition.

The Hellgate Hying Club has been in existence on the UM campus for more than twenty years. This year, the UM club competed with the Bozeman MSU club for the first time since our program has been started. Hellgate won the meet and as of this year there will now be an annual meet between the two respective schools. The flying club is a member of the National Intercollegiate. Hying Association which has an active membership of many of the top ranking schools in the country. Throughout the year, the Hellgate Club competed with several of these schools.

This year, the Panhellena Council was concerned mainly with rush in the sororities on the UM campus and its facts. In order to do this, the officers attended a Greek Convention in Oregon in February. Bringing back several ideas, they then set up a workshop including the seven sororities on campus. This workshop was directed at changing next fall's rush so as to provide a more amiable armosphere for those girls seeking a Greek life. A general meeting of all so rorits members was held if the beginning of the workshop. The girls then went to group meetings to discuss the problems at hand. Due to the workshop, several changes were made concerning future rushing, for instance, the length of rush week and procedure.

HUI-O HAWAII

STUDENT GOVERNMENT

EXECUTIVE BOARD

The executive board held its meetings in the Golden Oak room of the UC. President Mazorek and the commissioners of various ASUM committees discussed programs for their groups.

BUDGET AND FINANCE

Budget and finance the committee which acts as treasury department for ASUM, allocated funds for several new adjustments. They approved and appropriated funds for a new sound system in the Adams fieldhouse and a Selective Service Information Center on campus. They also investigated Kaimin coverage of campus events and considered expanding the Establishment, a daily news sheet published by the Unit M Information Services.

The budget committee discusses the day's agenda and what it will entail

PROGRAM COUNCIL

Striving for support, a request for 1970-71 budget of \$90,000 dollars marked a sharp change from the present \$40,000 budget. The program council having a budget deficit during the year, felt more money was necessary. The committee brought in a variety of performances which included Neil Diamond Ferrante and Teicher. the National Shakespeare Company and Three Dog Night, Nearly all were well received.

The preserving council into ducado and lost Micampias this year programs the gine from each grap hard rock.

CENTRAL BOARD

Central Board underwent many changes this year, the most important being that of the change in CB president and vice-president. Joe Mazurek and Gary Thorgerson took the places of Ben Briscoe and Bruce Gray, consecutively, after the former CB officers were killed in a tragic automobile accident. Other changes were revisions in the ASUM constitution, approval of a Selective Service information center on the UM campus and the support of a World Peace Day.

PUBLICATIONS BOARD

Pub board is the advisory committee for several organizations. It checks and reviews the policies of the Kaimin, the Sentinel, the Book, the Garret and the M book. The staffs on each of these must, in turn, also be approved by the publications board. This rear they determined new policies for the Garret, the Book and the Kaimin and directed a survey on most of the U of M publications.

ATHLETICS BOARD

The athletics board of this year made several changes. The most important of these being, the Faculty Athletic Committee recommended to President Pantzer that control of student fees be transferred to Athletics Commission of Central Board. This would give the students complete control of the \$8 student fee allocated for the athletic fund. Both Jack Swarthout, committee advisor and UM football coach, and Mark Mertens. ASUM business manager criticized the motion at that time.

ACADEMIC AFFAIRS

The Student Facilities Commission determined several tissues this year. The different activities included reviewing petitions from Craig. Dumway, and Firod Halls, distributing informational parisphlets at the UM Health Center and approxing a bill to exclude high school students from the University Center.

STUDENT FACILITIES

FORESTRY

The University of Montana School of Forestry was founded in 1913, being one of the original group accredited by the Society of American Foresters. The occupation of forestry presents the professional management of natural resources, especially forests and forest lands. The students of this curriculum aim for that occupation and those related to it.

FRESHMEN

INITIATION

OF THE

FORESTERS

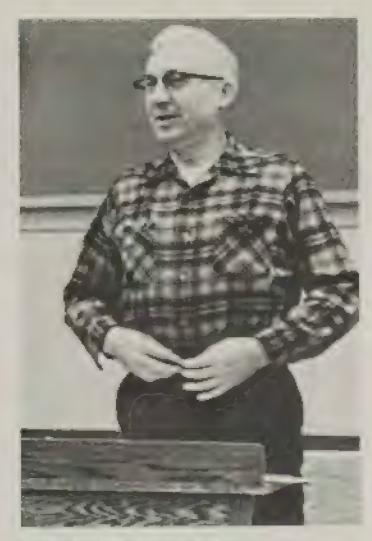

The initiation of the forester is a yearly event that precedes all other annual activities. Before initiation, those wishing to join the club are briefed by the dean on the history of the club and the school. Then the initiation takes place, consisting of a "songfest", pledging their honor to Bertha, their mascot, and a mountain trek. The scudents then become full-fledged members.

Three initiates take time out.

ROBERT PANTZER PRESIDENT OF THE UNIVERSITY OF MONTANA

Pantzer says U.S. must get out of war

By RALPH WANAMAKER Montana Kalmin Staff Writer

President Robert T. Pantzer urged President Nixon in a telegram yesterday to "get out of war, and it must be at the earliest possible moment."

Mr. Pantzer's statement was interrupted by a one-minute standing ovation from the 2,000 persons attending the memorial service for four Kent State University students killed in demonstrations on that campus Monday. President Pantzer told the Main Hall audience he is "experiencing utter frustration over the continuation and escalation of the war."

Mr. Pantzer said repressive actions resulting from violence threaten a college's freedom.

"Let us not sacrifice the strength and freedom of this University for a momentary satisfaction of our frustrations," he said.

A boycott of classes was advocated by Ronald Wheeler, graduate student in zoology.

Wheeler said the strike would mobilize students into a single

Students can "join their brothers and sisters in a nonviolent manner," he said.

Stressing the need for nonviolent action, Wheeler said the insanity that has happened on other campuses does not have to spread to the UM campus.

Wheeler said protesters can "educate" non-boycotting students by picketing buildings and by "rapping with people" going to classes.

The Rev. Jon Nelson, campus Lutheran pastor, urged listeners to

commit themselves to be together on the strike - to express disappointment and distress

At the Rev. Nelson's urging, members of the audience joined hands in what he termed a symbol of solidarity.

He also urged students to be committed to the survival of the human race, each other and to

Arnold Silverman, professor of geology, said Kent State students are dead for protesting what too few have protested.

"My Lai has come to the American campus," Mr. Silverman said. "We know what the Asian war is about now, in terms of blood as well as pictures and sound."

FOREIGN LANGUAGES

college of arts and sciences

iversity of montana/missoula

"The study of foreign languages an expanding necessity in a contracting world."

U OF M FACULTY WORKS IN VARIOUS DEPARTMENTS AND SCHOOLS

The academic departments included the following: accounting and finance, aerospace studies, anthropology, art, botany, business education and office administration, chemistry, computer science, drama, economics, english, foreign languages, geography, geology, health and physical education, history, home economics, management, mathematics, microbiology, military science, music, philosophy, physics and astronomy, political science, psychology, religious studies, sociology and social welfare, speech communications, speech pathology and audiology, wildlife research, and zoology. The various schools and colleges were: college of arts and sciences, school of business administration, school of education, school of fine arts, school of forestry, school of journalism, school of law, school of pharmacy.

DR. VICTOR DUKE AND THE DRUG ABUSE AND USE PROGRAM

Like schools elsewhere, the University has had its experience with the drug problem. Is the University, as a teacher, trying to do anything about it? The answer is "yes". We interviewed Dr. Victor H. Duke, Associate Professor of Pharmacy, and here are some of the highlights.

Sentinel: About drug abuse--just what has your program been doing?

Dr. Duke: At the academic level, we have offered one course. We started out with General 110 as a two hour offering last fall. Next fall this will be expanded to three hours. This is some indication of the importance which we attach to the subject, as well as evidence of the interest that students have in the problem, from the hip to the incoming freshman.

Sentinel: It's our understanding that the program was also active at the community level

Dr. Duke: Yes. Dr. Zimmerman conducted extension courses at St. Ignatius; Dean Van Horn was similarly occupied at Anaconda, Helena, Butte, and Kalispell. These were courses offering two credits, and covering the various aspects of treatment, kinds of drugs, and the clinical people involved in treatment.

Sentinel: How about summer school?

Dr. Duke: Well, we've been at that angle for two summers and will go into our third season in 1970.

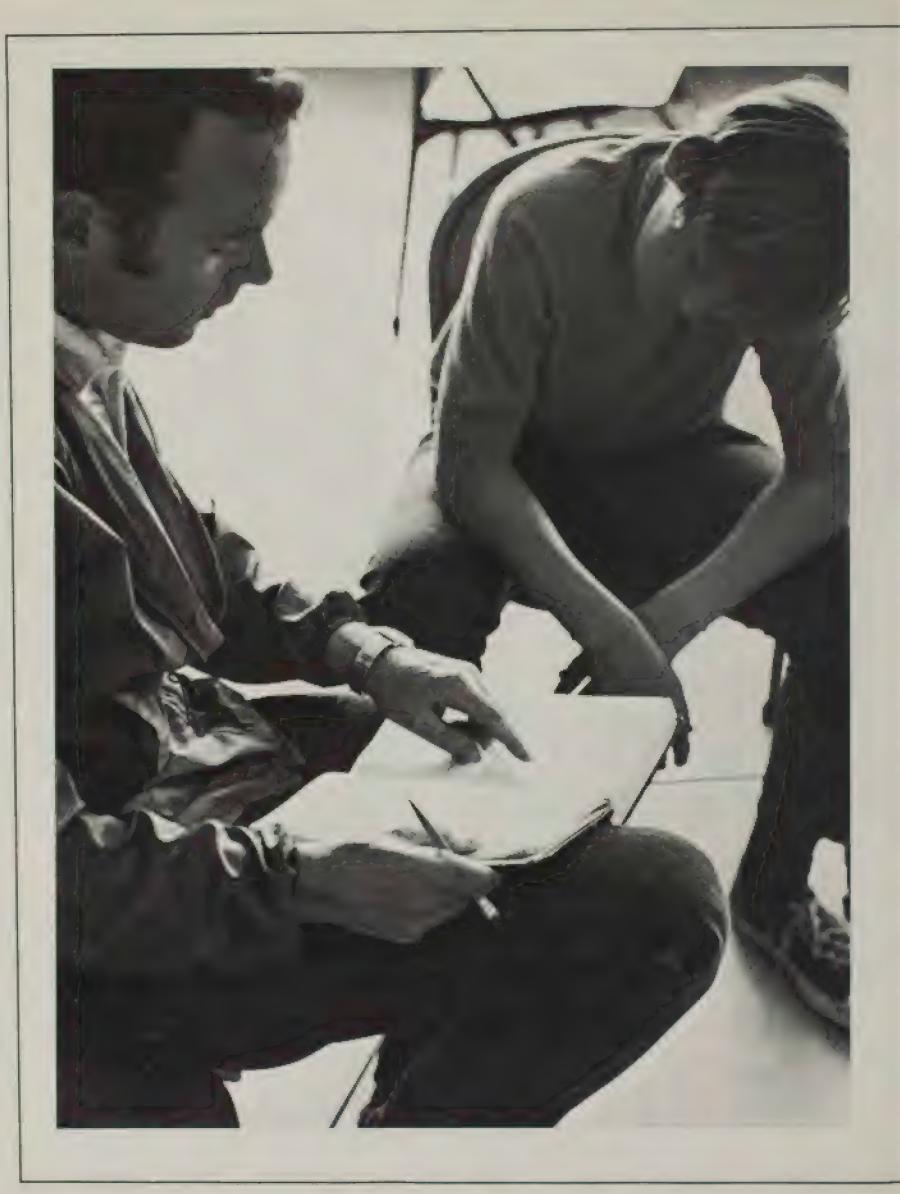

These courses are primarily for teachers and educators.

Sentinel: What do you think was the effect of all this?

Dr. Duke: I think we got across the idea that we were there to give information - not to moralize

Sentinel: Where does the program go from here?

Dr. Duke: Laboratory programs are being set up for more research on the behavioral drugs -- the amphetamines, alcohol etc.

TEACHERS-IN-TRAINING

Winter and spring quarters, 1969, marked the beginning of a new program for teacher-in training attending the University of Montana. This plan grew out of a Title I project to help children with learning difficulties.

This program was created to help 220 elementary pupils reach a level of success that they had not previously enjoyed. One facet of the success-oriented plan was to give each pupil a part-time tutor. Since the grant could not cover the cost for paid tutors. University students were asked if they would like to participate.

The results of this program proved to be extremely valuable to the individual pupils and to the teachers-intraining. The program has now become a permanent part of the University School of Education and one can now earn credit under 201 in this teaching lab.

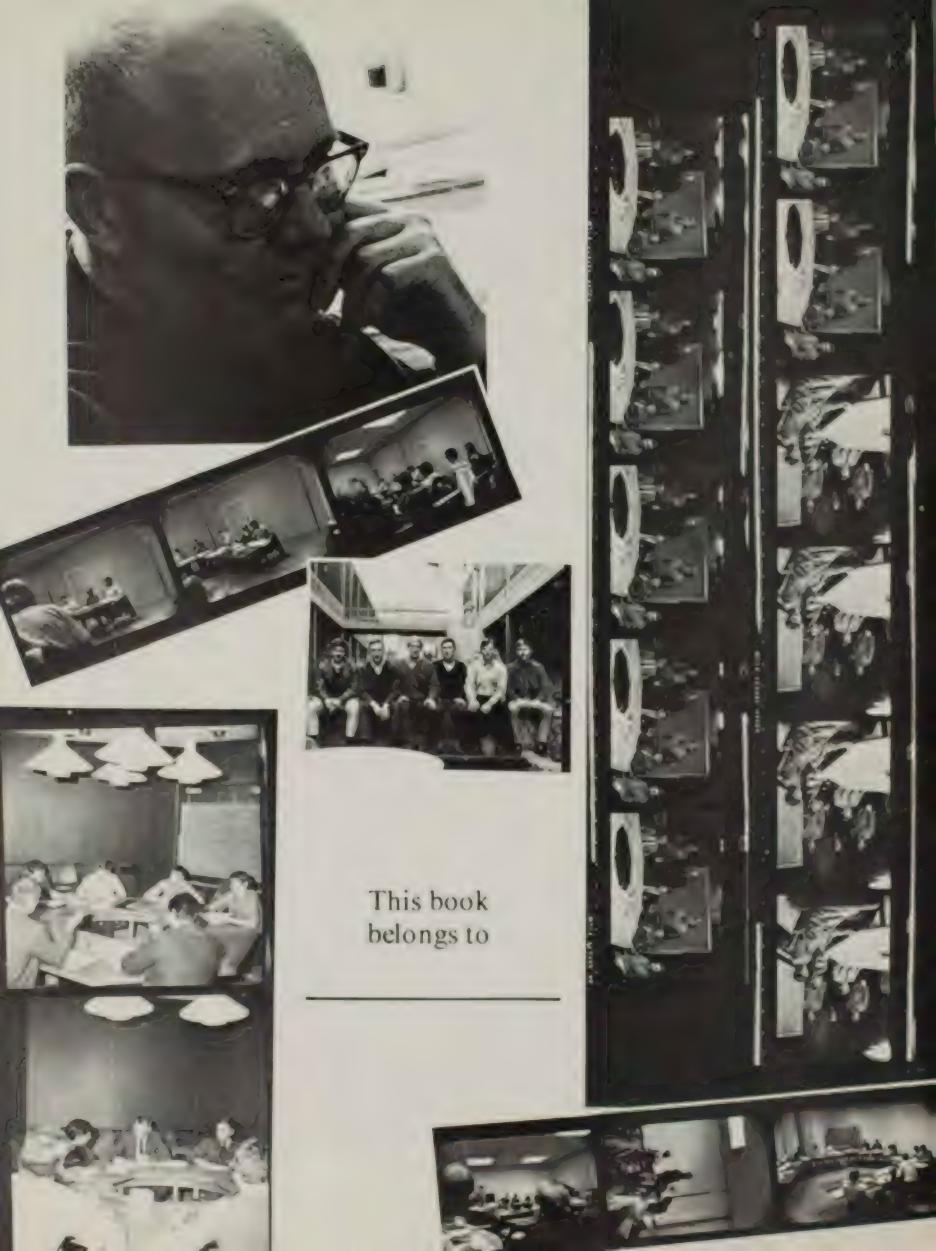

MONTANA DEFENDER PROJECT

Law students have the opportunity to participate in the Montana Defender Project. Junior and senior law students assist lawyers assigned to defend indigents, examine applications for release from inimates of the state penitentiary, and assist Indians from Montana reservations. Under a Ford Foundation grant, students have been able to interview, process petitions and help develop cases.

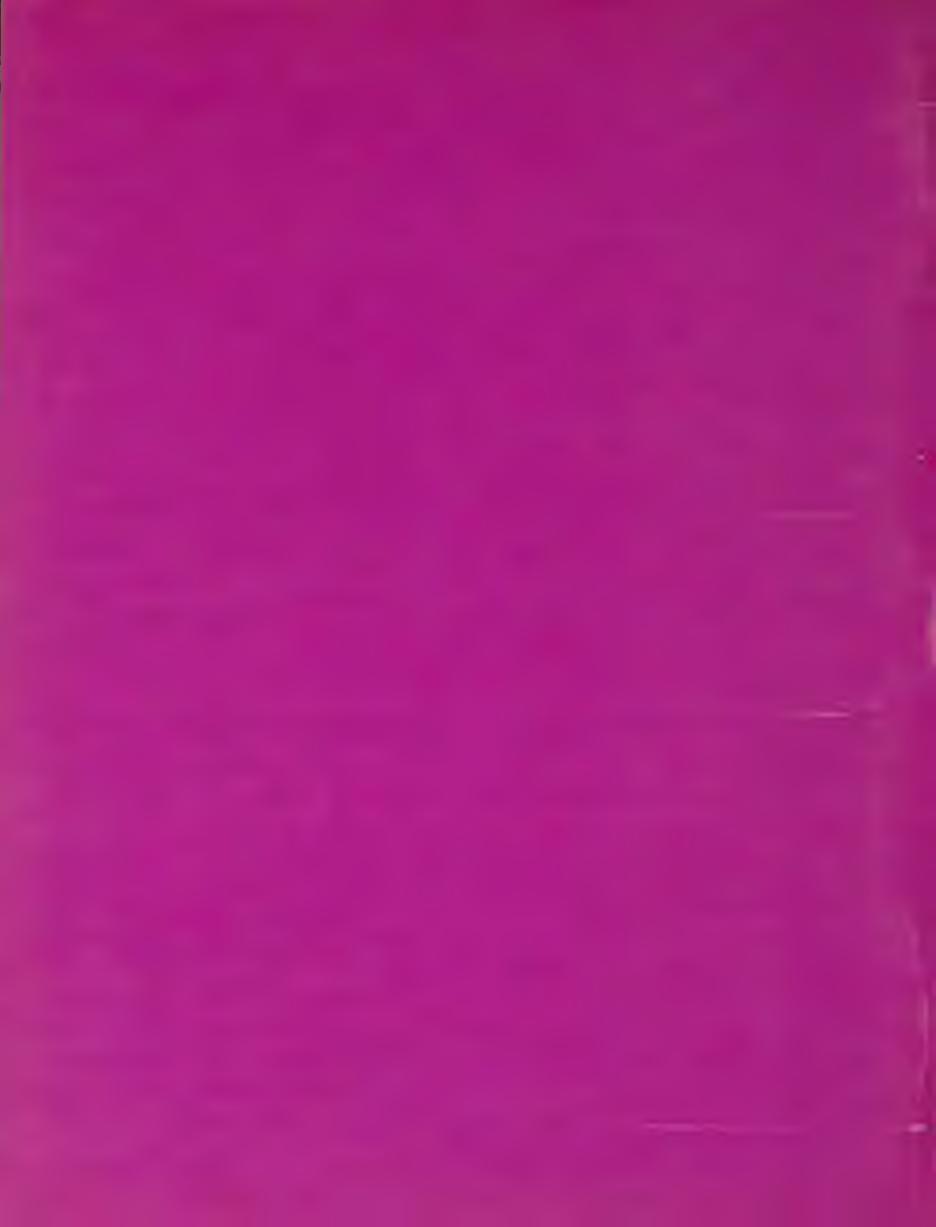

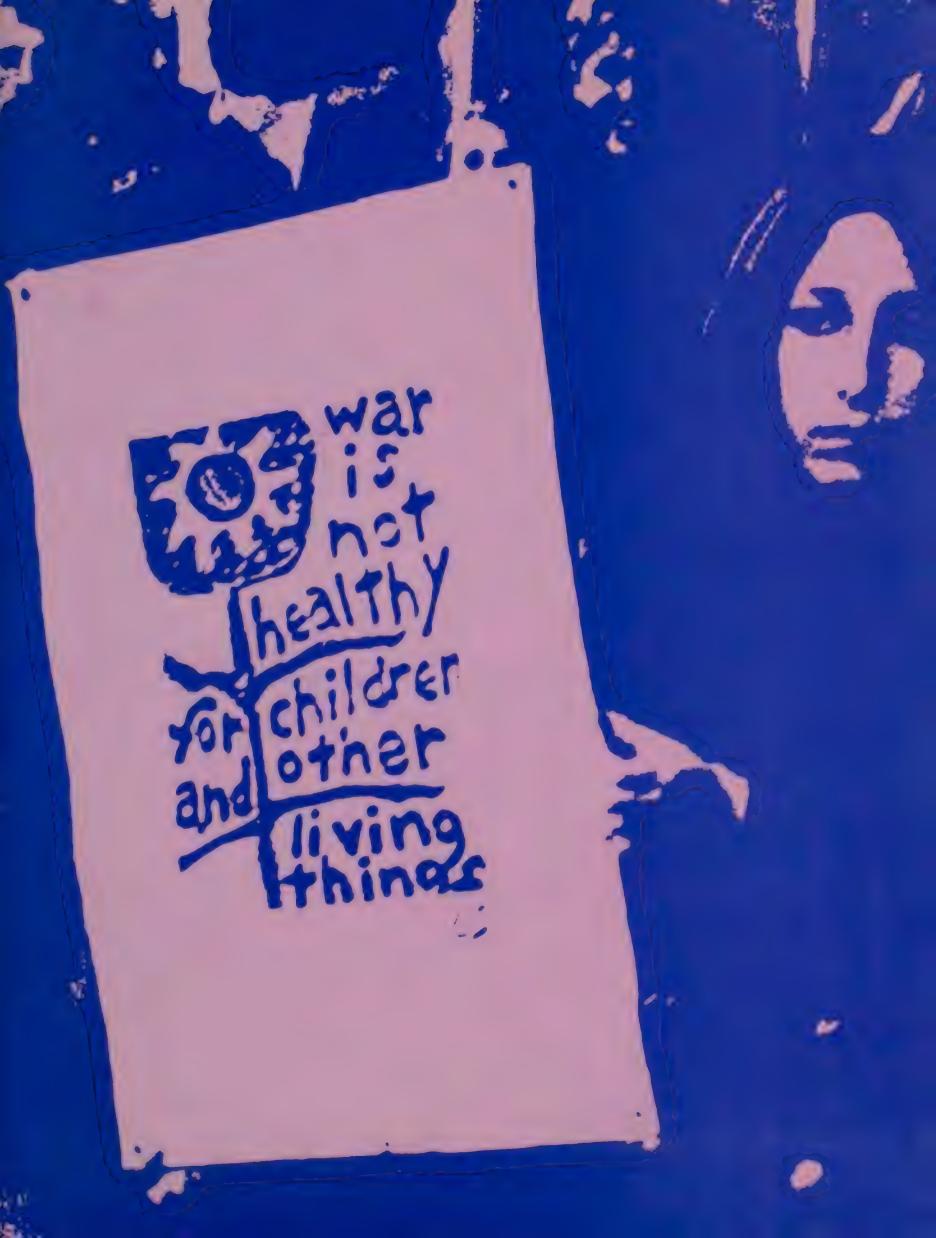

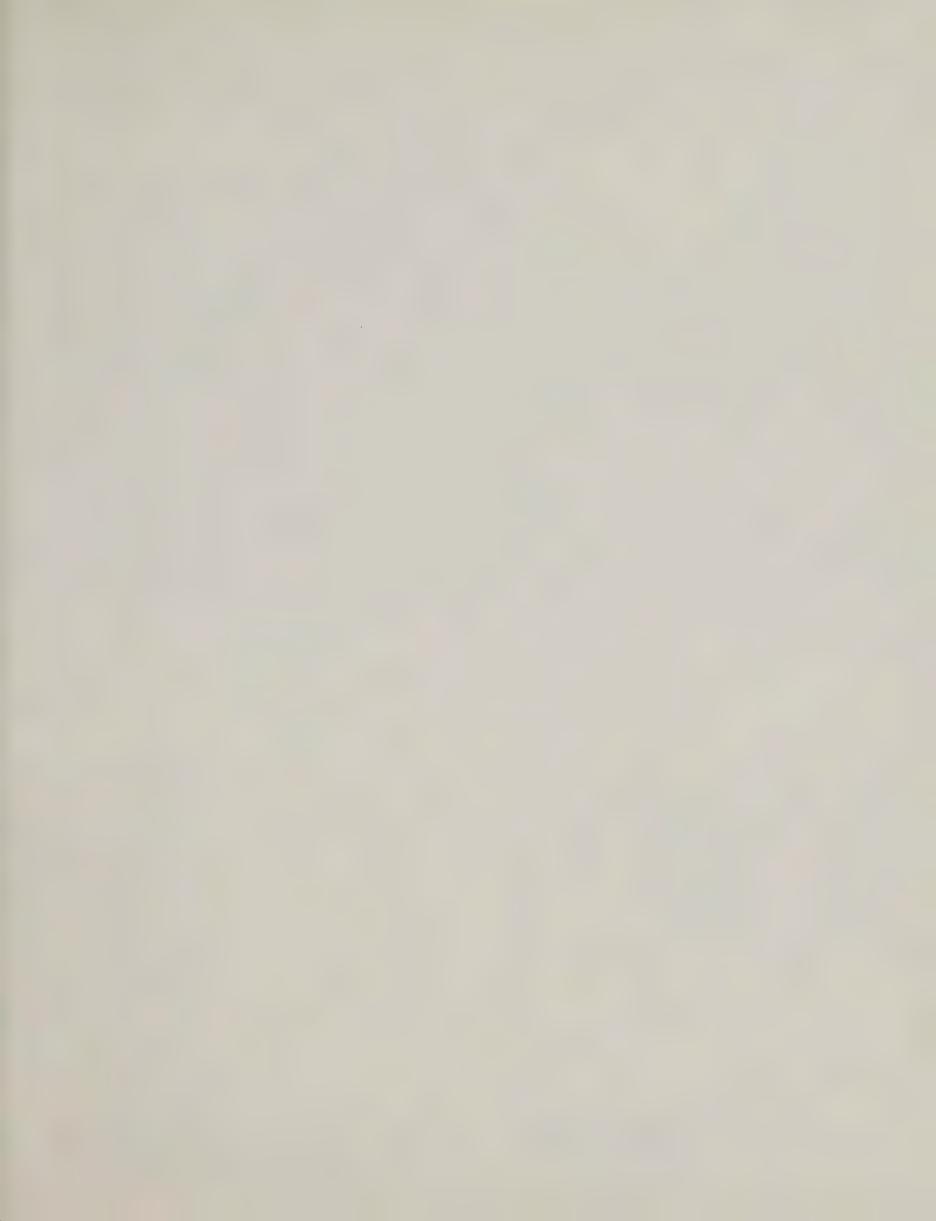

And then the onlookers; those who watch.

Finally, the unseen majority

Briscoe, Gray Caray Cara

Memorial services for Ben Briscoe and Bruce Gray will begin at 7:30 tonight in the University Theater.

Briscoe, ASUM president, and Gray, ASUM vice president, died Saturday in a car-truck crash near Drummond. Both were from Great Falls.

The Main Hall carillon will begin ringing at 7:15 p.m. The

bells also will be played following the 50-minute service.

The Rev. William Kliber, compus Methodist pastor, is in charge of the services. Other campus pastors, the Rev. David Van Dyck of the University Campus Christian. Fellowship and the Rev. Jon Nelson of the Lutheran Center, will participate with Mr. Kliber in the services.

During the services, Andrew C. Cogswell, dean of students, will read a statement on behalf of the University. Tributes to the student leaders will be read by UM students Keith Strong and Randy Gray.

Strong, a junior who was a passenger in the car at the time of the accident, will read the tribute to Briscoe. Randy Gray, a freshman, will read the tribute to his brother.

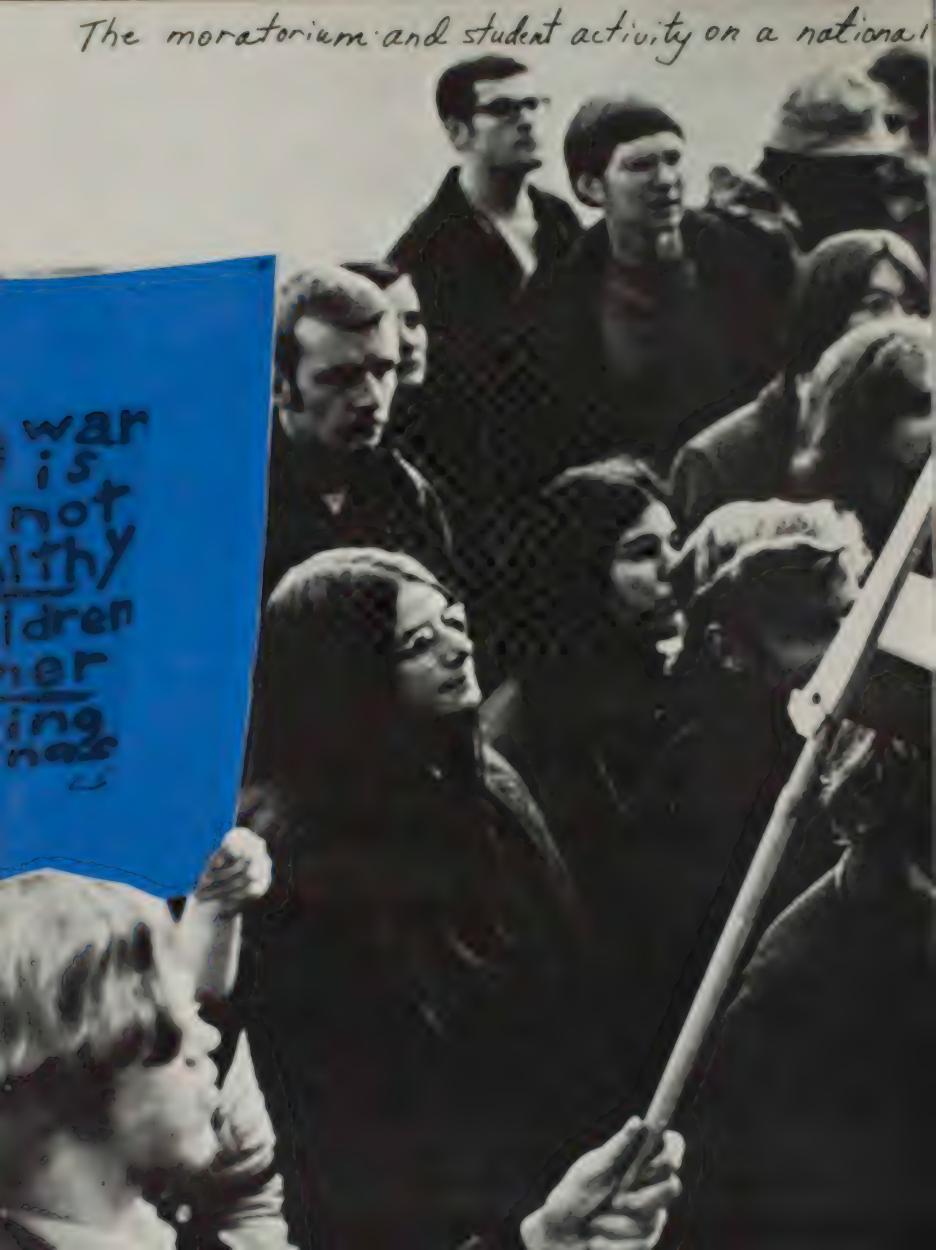

Music for the services will be provided by the UM choir, directed by Joseph Mussulman, UM associate professor of music. Ushers will be a members of Mortar Board, senior women's honorary, and Silent Sentinel, senior men's honorary.

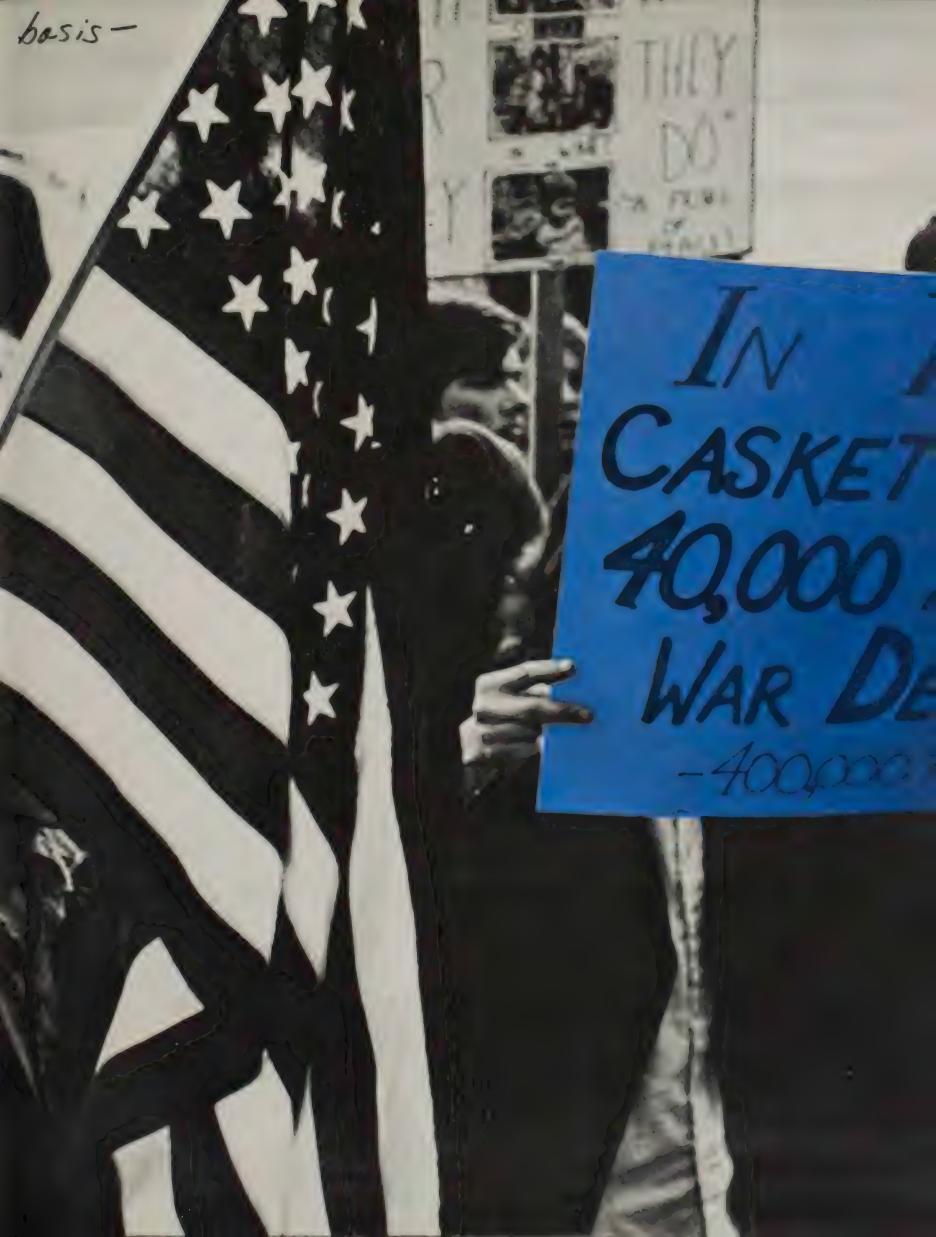

After the services in the University Theater, Briscoe's Sigma Phi Epsilon fraternity brothers and Gray's Sigma Nu fraternity brothers will form a cross in front of Main Hall. Candles will be lit and the Lord's Prayer will be said.

Funeral services for the two ASUM leaders were yesterday in Great Falls.

The service for Briscoe was at the Church of the Incarnation. Burial was in the Highland Cemetery, south of Great Falls.

Gray's funeral was in the First Methodist Church. Cremation followed the service.

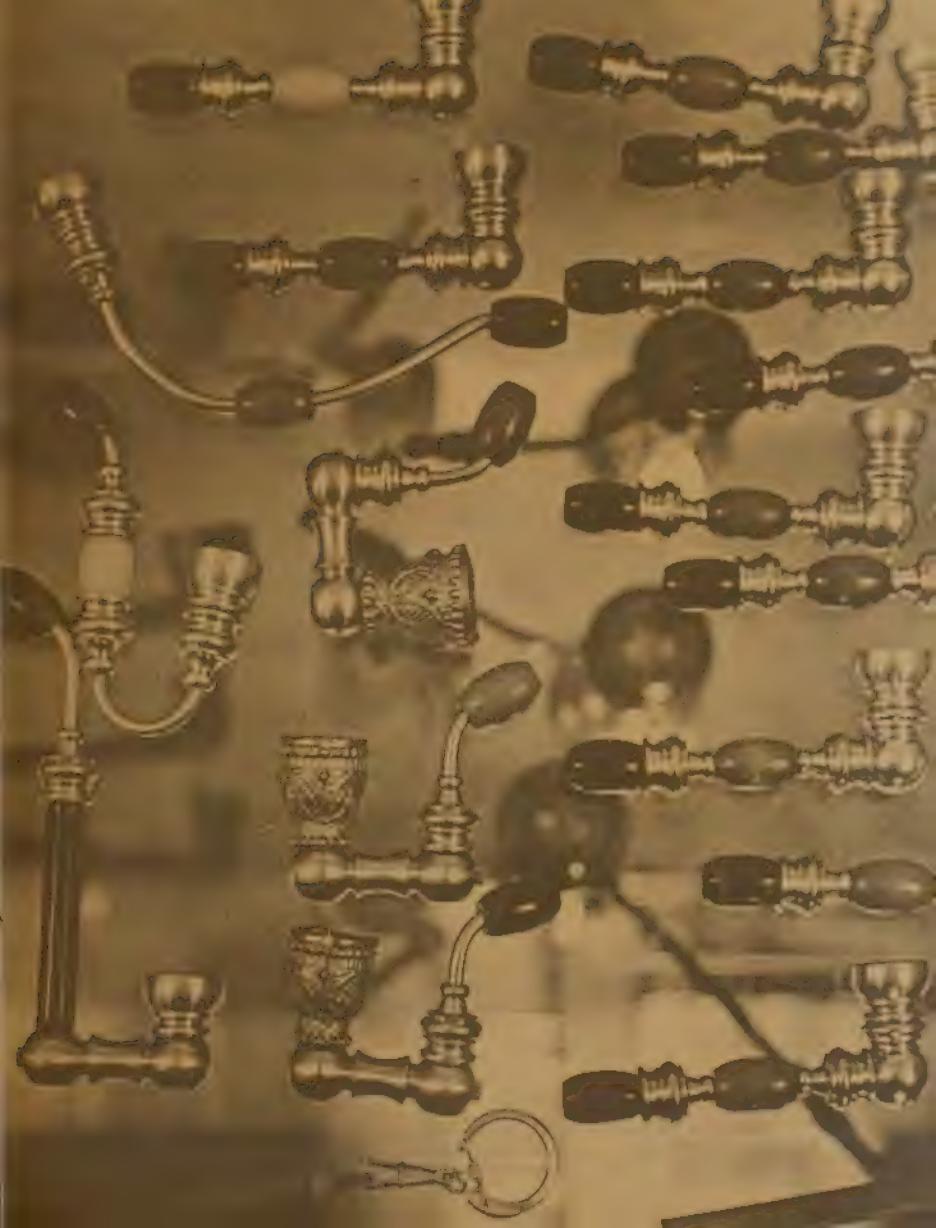

OLD CRO Per miller Song WTEN WHIT MAN 11/12 1 Sucres

and the most recent diversions - is the grass greener in Montana ?

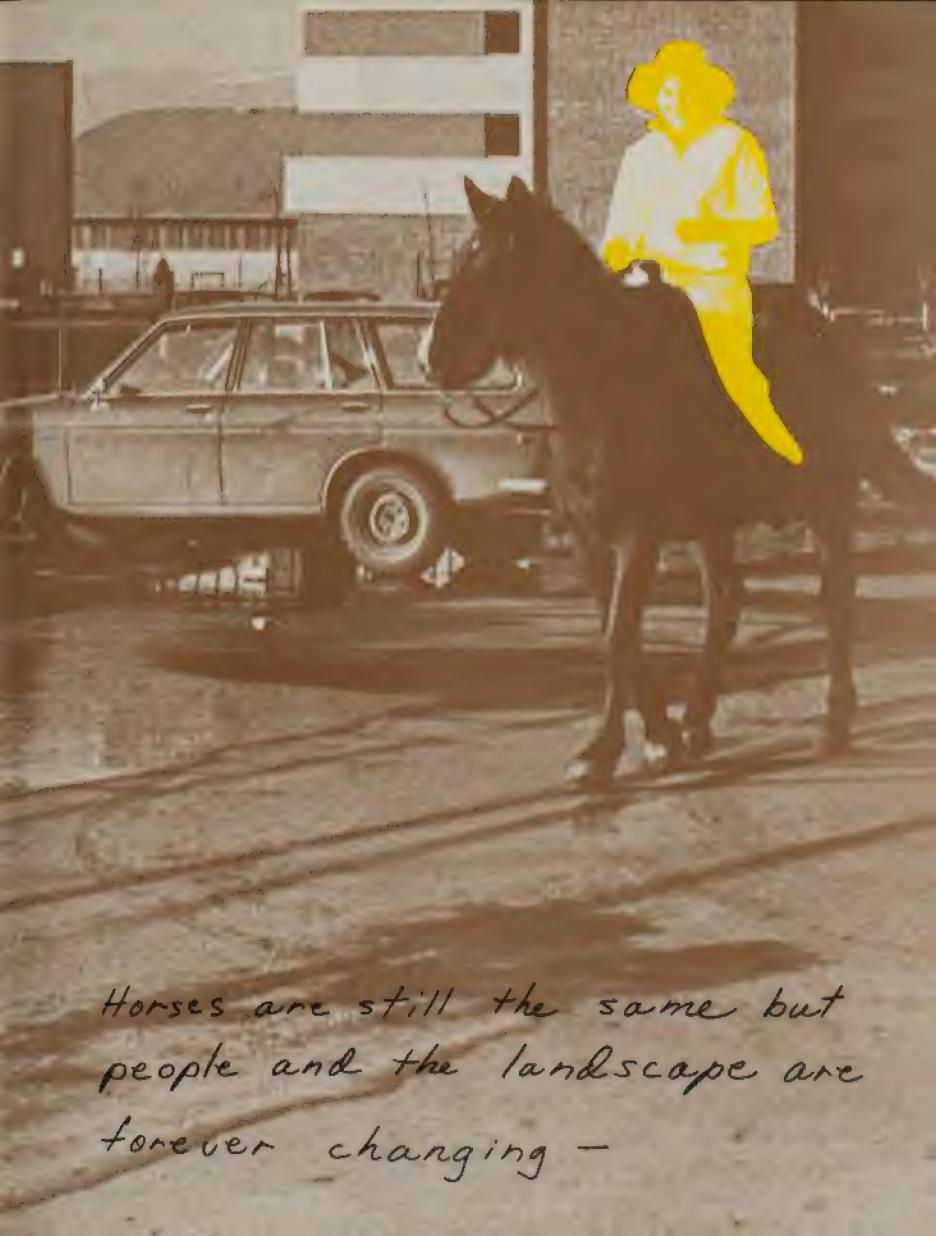

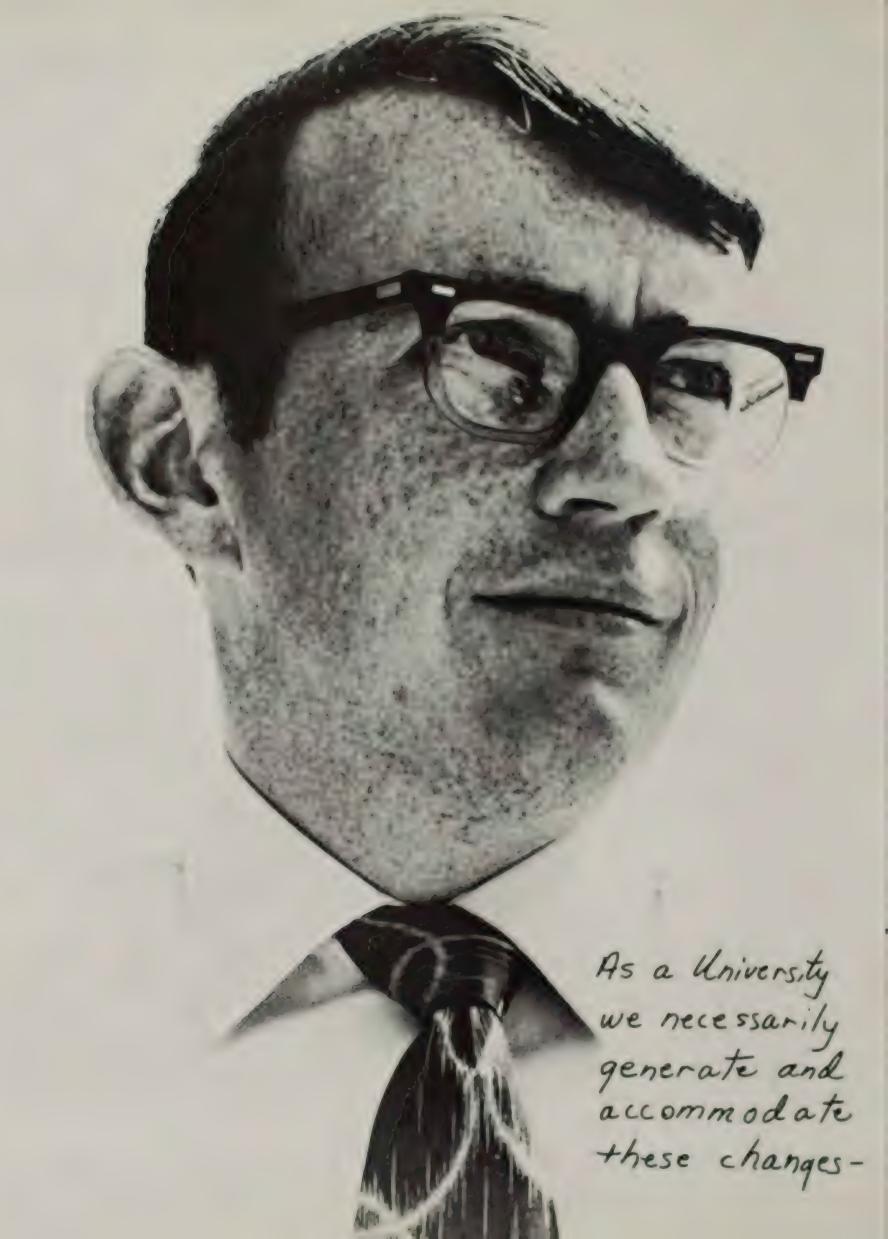

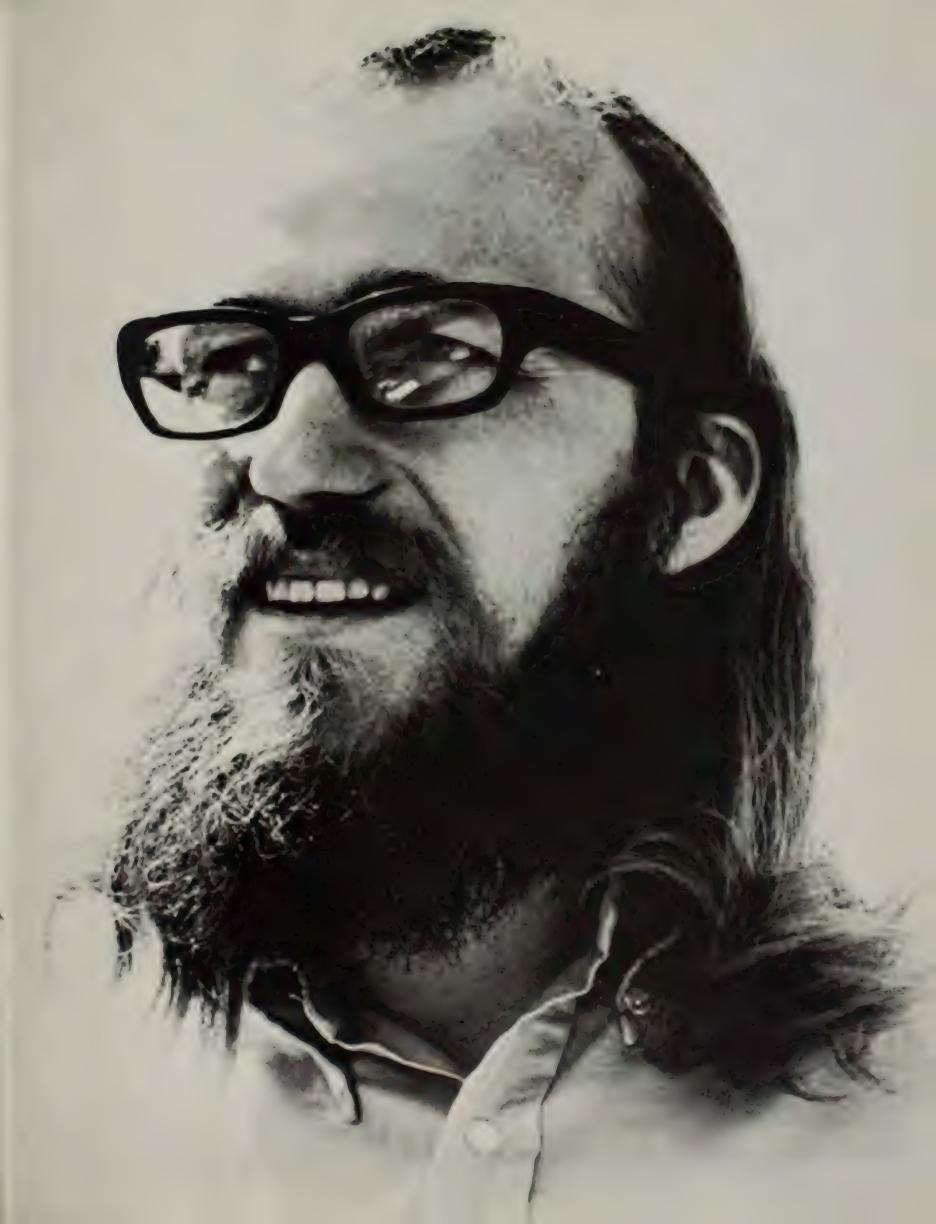

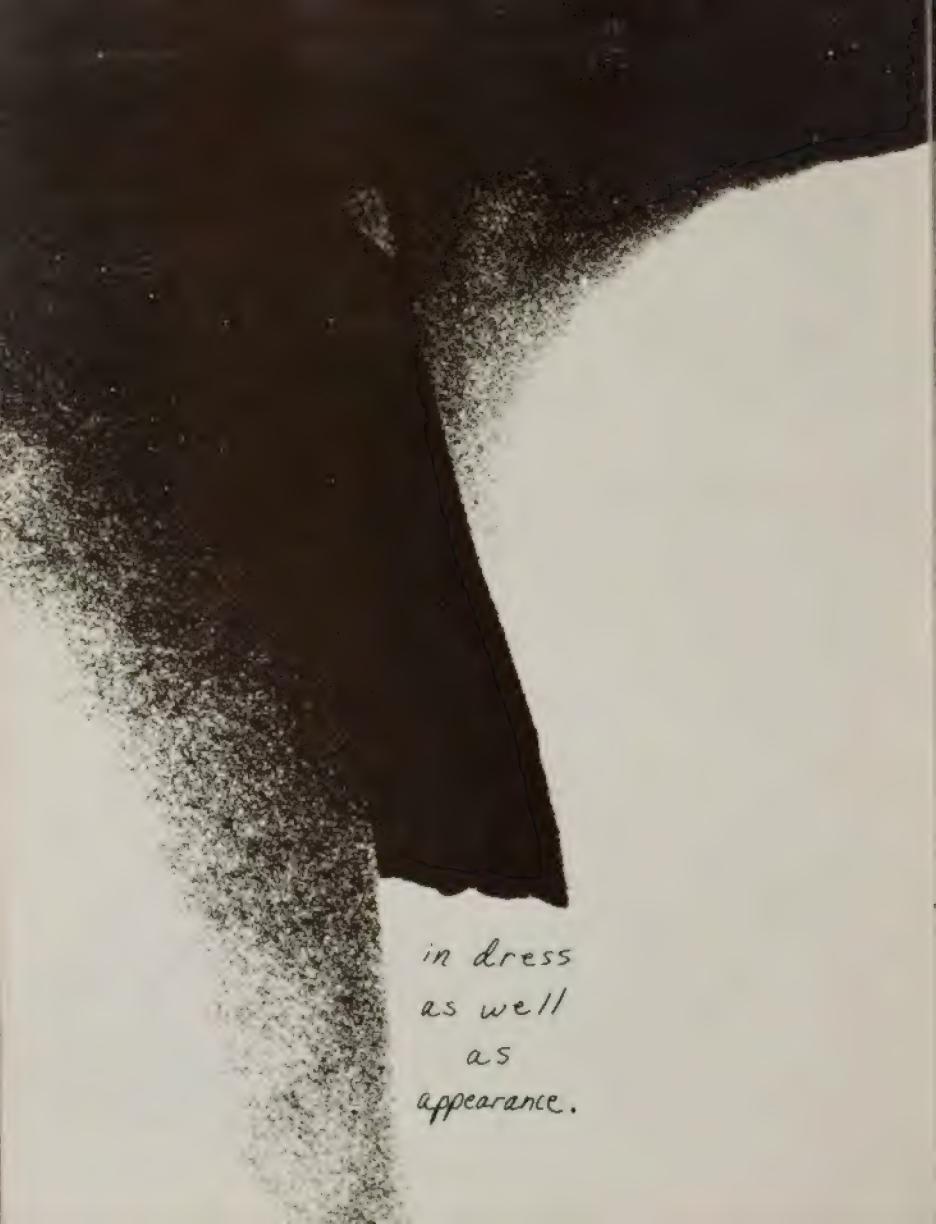

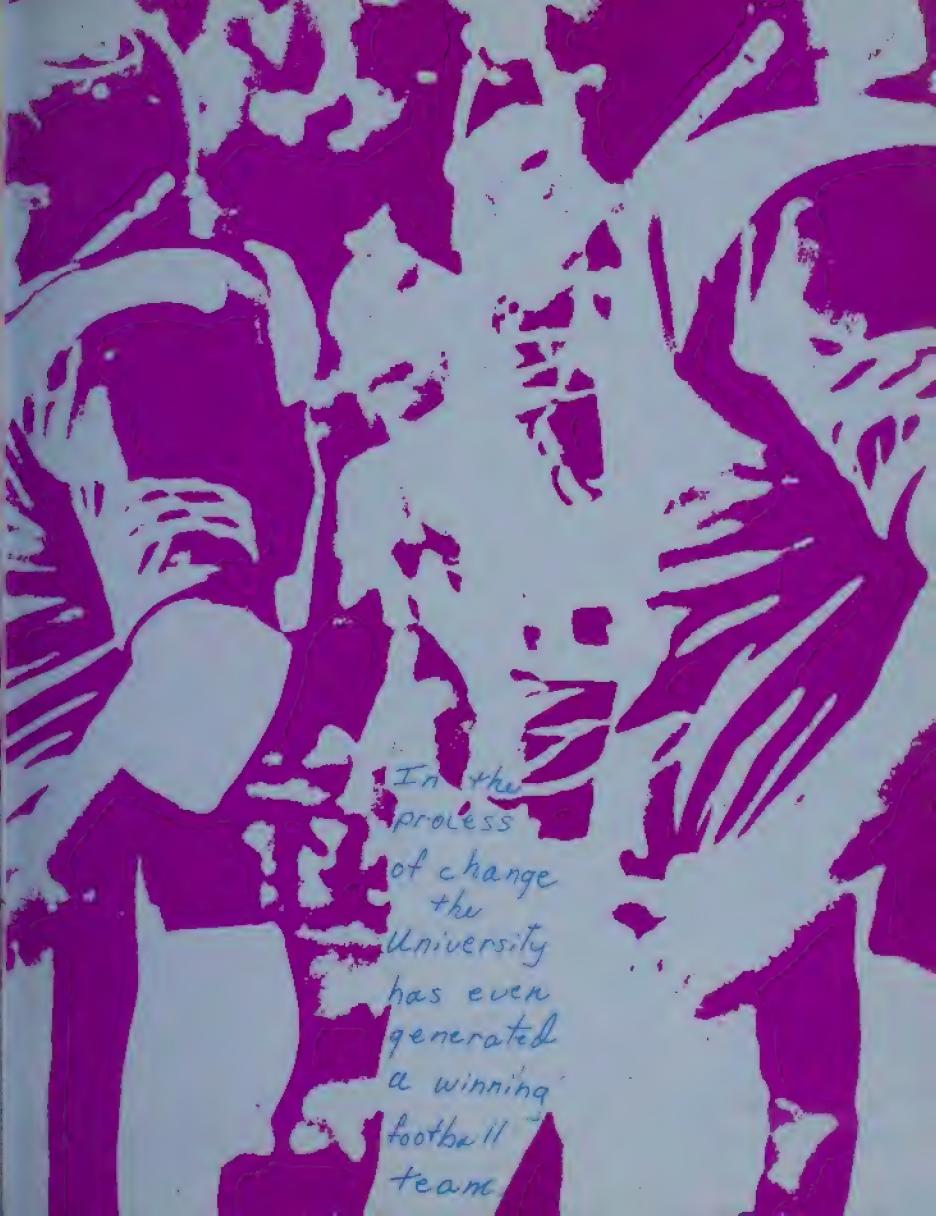

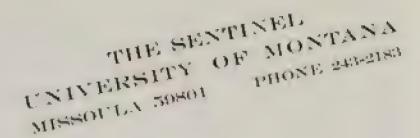

In essence, the real University is simply people with different values.

NATIONAL ANTHEM

The Star Spangled Banner

O, say! can you see by the dawn's early light.
What so proudly we hailed at the tweight's last gleaming.
Whose broad stripes and bright stars, through the perious fight
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
O, say, does that Star Spangled Banner yet wave
O'er the land of the free and the home of the brave!

the "cycling sigs" of last year appeared in the intramural season with an outstanding football record and the opportunity to face an opposing team in the final intramural playoff game. Although their cycling records of last year might have helped them all get in shape for their season of play, it was still their ability on the field that showed in the final analysis at left, timm frednekson attempts a field goal while his teammates are ready for any substitution which might need to take place or moral encouragement which might have also been a winning factor in their success this year

although the "sigs" could not use their varsity swimmer kur von tagen in their attempts at the intramural swim meet they once again use the "jocs" of their house to compete in the intramural swim meet pictured at right. In this event, the 100 meter backstroke, they gained a number of their points by placing both second and third, as in intramural sports, a team effort was displayed which gave both unity and spirit to their house even though in the last they may not have won - the all out effort in these sports was an important acheivement to the men of sigma chi

FOOTBALL

The work for money to go to school is not only with the brain but also that physical labor which a player must go through every day of the football season. Only being on the field and feeling the crash of the tackle against your stomach or running down the field with the fear of two massive tackles at your back will attest to the fact that it takes alot of work, hours of it, to earn enough money so that you may go to classes when not on the field.

TICKETS ON SALE AT

B. B. KING

"The Bossman of the Blues"

People who have purchased tickets at original price may return their tickets for a refund at the UC ticket office.

Combined with the mays sound system peachased by AM M. performances Ned Damond and Jenniter as well as many other top disarran pendistrings brought a wide variers of entertainment ter the stredenity ter the informal atmos phere of the Field Mangan thereas part formances seemed to he alose to the audience which typically provided Mootama hospitality

A winning team always brings a good audience and with the rumor that the Grizzlies were not the team of last year combined with the winning record in preseason games brought the crowd out to fill the stands to capacity. Those that said it could never be done were fooled game after game after game. A feeling of unreality, combined with widespread enthusiasm for the team's first Big Sky Conference, was felt throughout the campus.

Senator Edward M at the University of Montana, Missoula

April 17, 1970

Senator Kennedy to lecture tonight

Sen. Edward M. Kennedy, D-Mass., will deliver the third address in the Mansfield Lecture Series.conight at 8 in the Field House.

His topic will be "U.S. Relations with Latin America.'

The senator will also be keynote speaker for the Kyi-Yo Indian Youth Conference tomorrow at 9 a.m. in the Field House. Both lectures are open to the public without charge.

Other meetings with Sen. Kennedy on campus were still unconfirmed late yesterday. UM administrative spokesmen told the Montana Kaimin that the senator's schedule will depend on the time of his arrival in Missoula by private plane today.

Leo B. Lott, political science chairman, said yesterday Sen. Kennedy has requested a joint meeting with several political scianswer sessions is tentatively scheduled today at 2:15 in LA11.

Political science classes will have priority, but other students may attend, Mr. Lott said.

Sen. Kennedy also is expected to meet with representatives of indian Low Income Group for Human Treatment (Indian LIGHT) sometime today for a discussion of Indian problems and programs. Earlier, LIGHT members announced plans to picket the senstor's speeches because they understood he would not have time to meet with them.

The senator announced Wednesday he would be able to meet with

and the Establishment and teneration self "a confession of hattonal bankruptcy to the situdent generation." This bankruptcy was, in terms of the blacks, the "westched conditions of the poor" and the Vietnam was, he added

"These disclosures name as a profound shock to the students."
Mr. Fortus said. "Uncle Tom is dead or dying. Racism is on its way out."

The ex-justice chided his generation because "we regard today's college-age people as being the time kind as we were at their age."

He said today's young have had much more exposure and experience through "the grave blessings of that grave threation, television."

Mr. Fortas said students today demand more of their life and are capable of doing more than those of past generation

Civil disobedience has a place in America, but violence cannot achieve any goals, he said He termed violence "counter-produc-

The former justice said he he-

lieves social revolution could be dying out because of violence and towlessness. He said a 'visible hand of reaction" is lanking the civil uncest and disorders to the wave of cripte in the mountry.

There is no need for young people to starch for a mission, Mr. Fortas said. "The mission is here. The challenge is here."

In a question and answer session following his speech. Mr. Fortus said he was "distressed offer disturbed" over proceedings at the Chicago Seven conspiracy trial He said when "you connect a lot of people with a particular set" if has positical overtones. He sees the "conspiracy doctrine" as a dangerous and amendiacy procedure.

He termed the owners no-knock law enterening drug control passed by the Senate as "very dangerous," It as a bad provision because it "shvades one of four fundamental principles of law," he added.

"There are certain areas where

"There are northern areas where the state and police have to be restrained," Mr. Fortus and "Certain rights countd be invaded,"

BASKETBALL

It was a bad year for the basketball team, the spirit of the winning football season had not died and was reflected in the faces of the cheerleaders. The cheerleaders were not leading the apathetic crowds of last year but a completely new group which had new hopes for victorious Grizzlies. With the withdrawl of three of the team's best players, the hopes of the team dwindled and resulted in the season which was poor as a result. The team did, however, beat the Bobcats in two out of three of the games which were played with them.

HOMECOMING

Clarene Hornung, a sophomore in Spanish and home economics, was crowned 1969 UM Homecoming Queen as flares were lit outlining the "M" on Mount Sentinel. Eight high school bands, the UM band and floats from living groups and campus organizations were in the UM homecoming parade. The winning float showed a buzz saw chopping up an Idaho Bengal. It was sponsored by Sigma Phi Epsilon and Delta Delta Delta. Phi Delta Theta and Alpha Omicron Pi won second place and Phi Sigma Kappa, Alpha Lambda Delta, and Synadelphic won third. Recipients of the Distinguished Service Awards for 1969 were William J. Gallagher, Missoula business man, 1925 Business Administration graduate of the University and Boynton G. Paige, Philipsburg businessman, 1927 Business Administration graduate; Merritt N. Warden, Kalispell lawyer, 1939 Business Administration and Law School graduate; and Arnold S. Gillette, a professor at the University of Iowa who was graduated from the UM fine arts school in 1928.

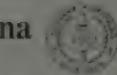

Homecoming was not just a puride down Hisgins or the riseue paper floats that are prevalent in most parades, but really involved much more student participation than it has in most other years. Included were student displays to try and involve the general pubhe in attain which are the concern of all invalved students. The inflowing the game parade also involved snine studini paninipatient in try and keep warm while the players that not have as hard a time as the stanlents. This game was also the first time this year that the force of Missoula's linest did not search for the liquor supply needs.

Montana State University ... University of Montana

Nov. 1, 1969

Gatton Field, Bozeman

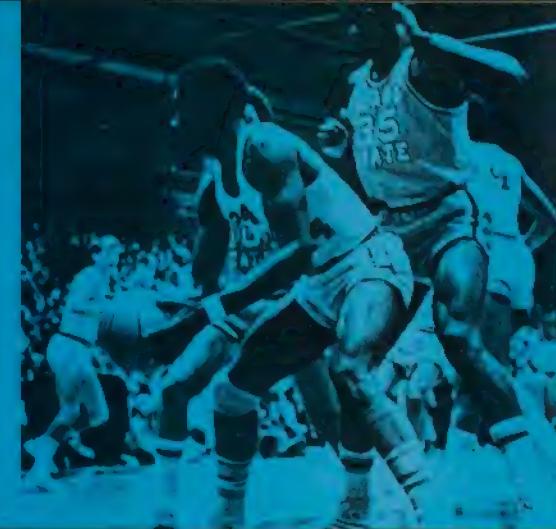

Parent's Day

The excitement of the annual confrontation of the Guzzlies and the Montana State University Bobcats was as exciting this year as it has been in the past. MSU was not enjoying a good. tootball season. The Bobcats were 1-8 going into the annual game between Montana's two major colleges. In fact the only thing that could save a disaster for the Bozeman school was a win over the Crizzlies - Montana State was a conference co-football champion in 1968). Montana ran the clock out and ended a seven year Bobcat reign and the team went on to demolish the remaining two opposents. The score which held the fans on the edge of their seats. throughout the game, ended in a close 7 to 6

Conference scores:

UM 81	Idaho St.	73
Um 89	Idaho St.	96
UM 80	Weber	85
UM 86	Montana St.	7.2
UM 69	Montana St.	82
UM 82	Montana St.	75
UM 67	Gonzaga	68
UM 98	Gonzaga	92
UM 68	Idaho	64
UM 51	Weber	58
UM 61	Weber	104
UM 100	Idaho St.	124
UM 65	tdaho	82
UM 77	Idaho	99
UM 66	Gonzaga	85

TENNIS

Tennis has become more popular this year and has resulted in a good team as well as alot more intramural and individual participation. The tennis courts have been enlarged as a result of increased demand and still will probably be inadequate to accomodate all those who want to play in the spring evenings after dinner. The UM tennis team retired from the courts of the flig Sky Conference Tournament in Moscow, Idaho, last weekend with third place.

DANCES

Dancies were poorly attended at the University
this year and not as frequently held as they have
been in the past. The stress
on the dances was on the
unusual and the dances of
former years such as the
badle Hawkins and Registration dance, were changed to include an attempt
to hold an all night dance
and many other unusual,
unordinary social gatherings.

front row lett to right. Daehn Atlen Tope Sprage. Dien Ashtino transger. Stefam i rica h. monstor Cooler Southwest Torgestan, Zaro, Sarahis Dandison.

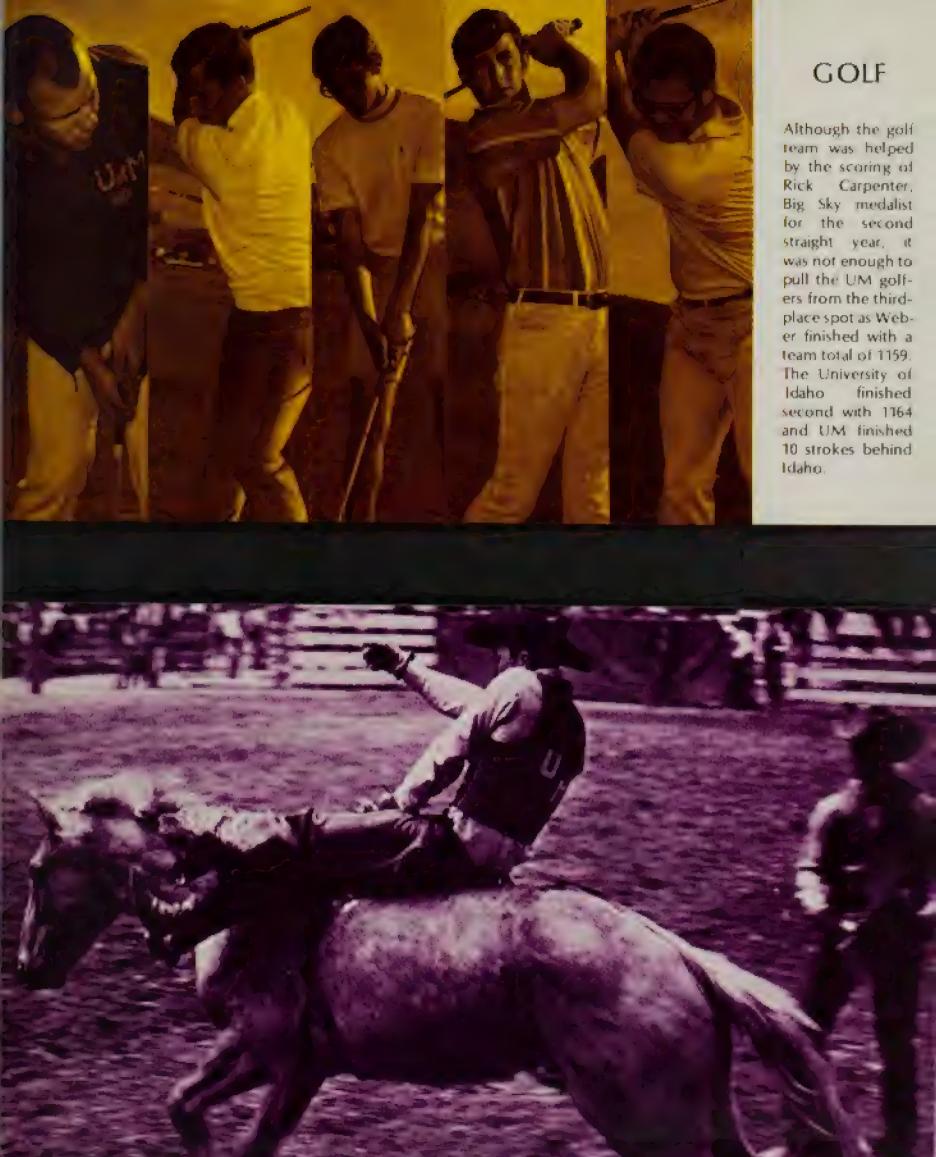

SWIMMING

the swimming team upheld its record of winning the Big. Sky Championship again this year with only one loss during the season. The Montana AA1 championship held here was taken by the UM team. Outstanding swimmers Kurt von Tagen and Dave Sarard went to the NCAA meet in Salt Lake City

RODEO

Part of the enjoyment of going to a school in the West is the participation in the culture of the country which all of us see so much of in the movies but becomes a reality in the Big Sky Country The codeo at the University saw capacity crowds both of the days that it was held towas not unusual to see everyofter in the crowd dressed in a traditional western chatter and completely empoyang the mastermount of the old west

CROSS Country team, with the superior coaching of Marley tewis, fook tins place in the Big Sky Conference held in Moscow, Idaho, there were also two outstanding representatives to the NGAA meet held in New York City. Waite Jacobson placed 46th among all of the entries which were entered from all over the nation.

performances

SHOWTIME

An all out effort by the Department is Music given each year in the form of Showtime. It included performances by the Jazz Workshop and the Jubileers as well as other outstanding performances by music students. The benefits from this event went to supply scholarships to music students and this combined with excellent performances made the price of the ticket worth while

BASEBALL

The Grizzlies finished the season with a 15 17 record despite having seven regulars who hit above the .300 mark. The highlight of the season was the defeat of present Big Sky Champions in the last game of the season. Roger Nielson, a senior political science major from Ronan, was named the most valuable player on the Grizzly baseball squad for the 1970 season. Nielson, according to Head Coach Lem Elway, received the allocade for his superior defensive talent and handling of pitchers. Elway said that the Grizzly pitching, although weak, could have been a lot worse without Nielson catching.
